

Request #21-46

CLOSED

As of October 21, 2021, 10:56am

Details

This is a media inquiry and request for public records under San Francisco's Sunshine Ordinance, the California Public Records Act, Proposition 59, and the Brown Act.

Please provide:

1. The total number of permits issued for parklets, since parklets were first allowed in San Francisco through today's date.
2. Separately, the total number of permits issued to date for the Shared Spaces platforms allowing retail establishments to conduct outdoor business since that program was created in June 2020 to address the economic Recover Task Force created in response to the COVID-119 pandemic.

My understanding is that these are two different programs that require permits from DPW.

Thank you.

Request Closed

Public

A request that a department create a response to a request for information or answer a series of questions is not a public records request, and neither the Public Records Act nor the Sunshine Ordinance requires a department to reply to a series of written interrogatories.

A public records request must specify an identifiable record or set of records that are being sought. Cal. Govt. Code sec. 6253(b). Your request is not sufficiently clear for us to know what record or records you are requesting. Accordingly, it is not possible for us to respond to your request at this time. You are invited to resubmit a request that more clearly sets forth the record or records you are seeking. In addition, the department is available to assist you in formulating a clearer request. Please feel free to contact us for this purpose.

This concludes your public records request.

Regards,

David A. Steinberg
